

About Us

Astaan Connect is the connectivity division of Astaan Group and the first official reseller of Starlink in Somalia. Through our authorized partnership with Starlink, we provide next-generation satellite internet services to homes, businesses, NGOs, government institutions, and development partners nationwide. Leveraging Starlink's low-Earth-orbit satellite technology, Astaan Connect enables reliable, secure, and high-performance internet connectivity across Somalia — including urban centers, rural areas, and remote locations where traditional terrestrial and fiber networks are unavailable or unreliable.

Installation & Activation

Includes:

- Site assessment
- Mounting & dish alignment

Starlink Kits & Pricing

(5% tax applies to all equipment)

Standard Kit — \$430

Ideal for offices, hotels, NGOs, and other business organizations. Provides reliable, fast connectivity even in remote areas, ensuring seamless communication and online operations.

Mini Kit — \$585

Portable and ideal for NGOs, field missions, events, and mobile operations.

High Performance Kit — \$2,400

Enterprise-grade Starlink connectivity for high-traffic, mission-critical, and professional operations requiring maximum speed and reliability.

Data Plan options

(5% tax applies to all data plans)

Monthly Subscription data plan

Feature	Data	Price / Month
Basic	50 GB	\$36.90
Standard	500 GB	\$93.55
Premium	1 TB+	\$164.43
Customized	2+ TB	--- Best Value

Top-Up Data Plans (On-Demand)

Top-Up Package	Data Volume	Price (USD)	Cost per GB
Small Top-Up	50 GB	\$15	\$0.30
Medium Top-Up	500 GB	\$120	\$0.24
Large Top-Up	1 TB	\$230	\$0.23
Customized	2+ TB		Best Value

Policy Notes

- Top-ups are activated only when clients exceed their monthly data allocation.
- Top-up data is valid within the same billing cycle (no rollover).
- Clients consistently exceeding limits should be upgraded to a higher subscription plan.
- Top-up ensures no service interruption for critical clients (NGOs, hotels, enterprises).

Simple Positioning (for clients)

Subscription = base package (fixed monthly)

Top-up = flexibility when usage increases

Our Mission

To connect every Somali — from the heart of Mogadishu to the most remote villages — with fast, reliable satellite internet that transforms education, powers healthcare, fuels business growth, and keeps families connected. Our vision is a Somalia where no community is left offline.

Our Vision

To be the most trusted satellite internet provider in Somalia, delivering Starlink's world-class connectivity anywhere the Somali people live and work — enabling schools to teach, hospitals to heal, entrepreneurs to trade, and families to communicate, supported by local expertise and 24/7 care.
